

GIRLS! A MASS OF WAVY, GLEAMY BEAUTIFUL HAIR

Let "Danderine" save and
glorify your hair

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the Danderine and draw this through your hair taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous, fluffy and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful.—Adv.

Favorable Indications.

Dinner was all ready and her sister had not yet arrived. Her little one was at the window eagerly watching. "Is there no sign of your auntie yet, dear?" she inquired.

"No, mamma, but I think she'll be here soon now, 'cause the women coming along the street look more and more like her every minute."—Boston Transcript.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

Adding to His Troubles.

Yeast—I am told that small rubber-covered wheels have been invented to be clamped to the rockers of a rocking-chair to convert it into a rolling chair.

Crimsonbeak—Well, that's the limit! It's bad enough for a man to go home in the dark and knock his shins once against the rocker without having the pesky thing chase him all around the room!

KEEP IT HANDY

If you paid a specialist \$25.00 for a prescription, you would not get anything that would give quicker relief for Croup, Catarrh, Colds, or Sore Throat, than VACHER BALM, which only costs 30c in jars, or tubes.

Write for Samples and Agent's Prices. Beware of imitations. E. W. Vacher, Inc., New Orleans, La.—Adv.

Melodious Expression.
"Music speaks all languages."
"And I suppose you would say a jazz band stutters."

Cuticura Soap for the Complexion. Nothing better than Cuticura Soap daily and Ointment now and then as needed to make the complexion clear, scalp clean and hands soft and white. Add to this the fascinating, fragrant Cuticura Talcum and you have the Cuticura Toilet Trio.—Adv.

If you would have a good servant praise him in public and reprove him in private.

Self-interest and sympathy have nothing in common.

A Remarkable Case Given Up By Five Doctors

East Chattanooga, Tenn.—"Two years ago Dr. Pierce's Golden Medical Discovery not only saved my life but restored me to perfect health after five doctors gave me up as hopeless. It was about two months after my first baby came and I became so bloated that I could not get around at all and finally I stayed in my bed helpless for nine weeks. The doctors said I would not live two weeks when a neighbor recommended Dr. Pierce's Golden Medical Discovery to me, and as a last resort I took it. Before the first bottle was gone I was up and around, and by the time I had finished the second bottle of 'Golden Medical Discovery' I was a perfectly well woman. That state of good health I am still enjoying, so am convinced that mine was a permanent cure, and I cannot praise Dr. Pierce's Golden Medical Discovery too highly for the great benefit it has been to me."—MRS. MARY LEE HAMPTON, 9 Over St.

Our Neighbors Suffer from Colds

Alton Park, Tenn.—"About three years ago I caught a very heavy cold and my limbs ached and pained me terribly. I took several different kinds of medicines but nothing gave me the relief that Dr. Pierce's Golden Medical Discovery did right from the first few doses. I took two bottles of it and consider it an excellent tonic and builder. My cold cleared up nicely and then the aches and pains left me—that is why I recommend Dr. Pierce's Golden Medical Discovery so highly."—MRS. ELIZABETH BLACK, Union St.

Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines. Send 10c for trial package of any of Dr. Pierce's medicines. Address Invalids' Hotel, Buffalo, N. Y.

GET SLOAN'S FOR YOUR PAIN RELIEF

You don't have to rub it in
to get quick, comfort-
ing relief

CARRIES WEALTH IN MOUTH

Bowhead Whale Worth Much Money
If Only That Part of Its Anatomy Were Usable.

A full-grown bowhead whale is worth \$15,000 merely for the whalebone it carries in its mouth. This is the species that furnishes the bulk of the commercial supply of whalebone, which is now worth \$7.50 a pound. It is a denizen of the arctic seas.

The bowhead, like other whalebone whales, has no teeth. Instead, its jaws are furnished with a series of long, tapering slabs of a horny substance fringed with hair. Of these slabs, which are the whalebone of commerce, there are as many as 600.

The biggest of them are 10 to 12 feet long, and they are inserted in the gum of the upper jaw, from which they hang. They serve as a sieve to strain out the whale's food. Swimming along, it takes a huge mouthful of squids and other pelagic small fry. Then the huge trap is closed and, the slabs entering and fitting into grooves in the lower jaw, the water is expelled.

You Bet He Had.

Flatbush—You knew music has a wonderful influence over us. Bensonhurst—I know it.

"Did you ever feel the power of a singer over you?"

"Oh, yes, often. I married one, you know!"

Bronchial Troubles

Soothe the irritation and you relieve the distress. Do both quickly and effectively by using promptly a dependable remedy—

PISO'S

Gateway of the Mississippi Valley

Canal Street, New Orleans.

THE greatest port and metropolis of the southern section of the United States, New Orleans, is unique among cities of the Americas. There is no other like it. Up-to-the-minute in its modern civic improvements, typically American in its aggressive commercial energy, even ahead of the times in its city government and municipal ownership and control of public utilities, it is nevertheless, in some features, one of the oldest and certainly one of the quaintest and most foreign of the large cities of the United States, says the Bulletin of the Pan-American Union. In the southwest quarter, with its modern business houses and fine residences, the visitor finds himself in a modern city of the United States; in ten minutes he may cross Canal street, stroll into the northeast or "Latin Quarter" and find himself in a quaintly medieval city which might be French or Spanish. In the old "French Market" section he hears a veritable babel of tongues—French, Spanish, Yiddish, near-English, and sometimes several of these mixed up in a "patois" that is distinctively "New Orleansesque." Even the names of the streets reflect something of the city's history. Its French origin is revealed in such names as Toulouse, Orleans, Du Maine, Conti, Bourbon, Dauphine, Chartres, etc., while other street names such as Unzaga, Galvez, Miro, Salcedo, Casa Calvo, Baronne, etc., reveal the fact that at one time the Spaniards were in possession. Again Tchoupitoulas street would lead one to infer that Indians had also had a hand in the general admixture of nomenclature.

Situated about 107 miles above the mouth of the Mississippi river, whose system of navigable waterways radiate 13,000 miles through the great middle section of the United States, and on Lake Ponchartrain, with access to Mississippi sound water routes eastward to Mobile, Ala., and thence by the Warrior river to the great coal and iron fields of Alabama, the center of six canals, and the principal terminal of ten trunk lines of railways operating a total of 15,288 miles, New Orleans has become one of the great industrial centers of the world. Its manufacturing industries have an output of over \$140,000,000 worth of products annually, while as a market center the city distributes \$1,130,000,000 worth of commodities each year, a tremendous trade that is accounted for by the fact that New Orleans is the gateway for the Mississippi valley, the great producing area of the United States. Comprising 41 per cent of the United States proper, this great section, which includes from an economic standpoint 21 states, yields \$2.4 per cent of the nation's cotton and cottonseed products, 27.9 per cent of its coal output, 62.7 per cent of all the iron ore mined, 67.5 per cent of its live stock, and 31.7 per cent of its total manufactures.

State Owns Port Facilities. In the harbor of New Orleans is seen a strikingly successful application of the doctrine of public ownership and operation of public utilities. Sixty per cent of the port facilities have been built or developed by the dock board, a state institution. In the 17 years this board has had charge it has expended \$15,000,000 on the wharves, steel sheds, elevators, and warehouses on the east bank. These, with terminals built by the railroads, will give New Orleans almost eight miles of docks, capable of accommodating at one time 80 vessels 500 feet long. All are served by the Public Belt railroad, another triumph of public ownership. Assurance of future port expansion without fear of private profiteering is given by the fact that the title to the water front for 41 miles on both sides of the Mississippi river is vested in the public and under the control of the dock board. In addition, the board is now building an inner harbor six miles in length, the famous Industrial canal.

Terminal facilities erected by the dock board comprise 18 of the most modern steel sheds, 17,924 feet in length, 4,257 feet of open wharves, 1,200 feet of wharf at the publicly owned grain elevator, and 1,513 feet of wharf at the publicly owned cotton warehouse.

The cotton warehouse and the grain elevator are the latest developments in port improvements. The former is the largest handling plant for an agricultural product in the world, is the most efficiently equipped structure of its kind in existence, and is a profit-making institution while serving the public most economically. The storage facilities offered the cotton grower by the warehouse, coupled with the low insurance rate, make it possible for him to hold his cotton until such time as he may see fit to market it, while at the same time enjoying the use of bankable warehouse receipts that are backed by the resources of the state of Louisiana and are negotiable in financial circles the world over.

The port of New Orleans is one of the safest harbors in the world, and provides practically unlimited anchorage space. Vessels are usually anchored in the lower part of the port, the depth of water being 60 to 80 feet at low stage. From the city of New Orleans to the passes opening into the gulf there is a depth of water from 60 to 90 feet. In the South pass there is a 30-foot channel at mean tide, and at extreme high tide a depth of 31½ feet. The government is at present at work creating and maintaining a 35-foot channel.

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruena. After some of the best doctors in the country gave me up and told me I could not live another month, Peruena saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part settled on my lungs. When almost two late, I began doctoring, but without avail, until I heard of Peruena. It cured me; so I cannot praise it too highly."

WILL KEEP YOU WELL

MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Bilelessness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, chills of the liver, heart trouble—all of these can often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloating after eating, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach ailments. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better to every way. Try EATONIC and you, too, will be just as enthusiastic in the praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be eating and ailing as long as you have acid-stomach. So get rid of it now. Take EATONIC Tablets—they taste good—you eat them like a bit of candy. Your druggist has EATONIC—30 cents for a big box. Get a box from him today and if you are not satisfied he will refund your money.
